REPORT THAT THE ALLIES HAVE ATTACKED PEKING.

WASHINGTON, Aug. 16.—The Navy Department has made public the following dispatch from Admiral Remy "TAKU, Aug. 15.—Front not heard from since 11th. Lieutenant Latimer is on Chaffee's staff expressly to furnish me authentic information. Latest reports from Japanese sources says allies occupied Tung Chow on the 12th and would attack Peking today. ARMISTICE PROPOSED BY JAPAN.

Its Terms Are Accepted By China.

United States Agrees to the Proposition Conditionally.

Associated Press Dispatches by The Tribune's Special Leased Wire.

NEW YORK, AUG. 16.—A CABLE DISPATCH FROM KOBE, JAPAN, DATED TODAY, TO THE EVENING JOURNAL SAYS: "JAPAN HAS PROPOSED AN ARMISTICE BETWEEN THE POWERS AND CHINA, AND CHINA HAS ACCEPTED. 'THE TERMS OF THE POWERS ARE THAT THE MINISTERS EITHER BE PLACED UNDER THE PROTECTION OF THE ALLIES AT THE GATES OF PEKING OR THAT THE ALLIES BE ADMITTED TO PEKING TO RECEIVE THEM. 'JAPAN HAS BEGUN NEGOTIATIONS.'"

WASHINGTON, Aug. 16.—A special meeting of the Cabinet was held before noon today, at which the Chinese situation was thoroughly discussed. The several messages that have been received from Minister Conger and Consul-General Goodnow on the appeal of Li Hung Chang that the allied forces halt at Tung Chow in order than an armistice be arranged, were carefully considered.

An answer was prepared to this appeal in which it is understood this government agrees to an armistice for the purpose of relieving the Ministers, members of the legations and the people under their protection, either at the inner gate of the city, or at the outer gate, which the General in command of the troops may designate, after communicating with the Ministers themselves. If the Ministers think that an arrangement can be made by which safety will be assured in moving from the British legation to the inside gate, which is about 200 or 300 yards distant, this Government will agree to an armistice for that purpose, and after Minister Conger has been safely delivered this Government will for a specified time cease hostilities with a view to arranging terms of peace.

LONDON, Aug. 16.—The British government believes the allied forces are now at Peking, but no trustworthy message, either official or press, has been received. As the allies were ten miles from Peking Sunday, August 12th, according to the semi-official dispatch received at Tokio, the military authorities here infer that the Chinese troops defending the capital were not go-

NEGROES VICTIMS OF NEW YORK MOB.

Brutally Clubbed and Beaten in a Riot That Lasts for Hours.

NEW YORK, Aug. 16.—Such a furious ebullition of race hatred as found vent in the rioting that occurred here last night over the murder a few days ago of Policeman Harris has not been equalled in many years. As a result of the disturbance, which raged from midnight until 3 o'clock and burst into a flame of passion and violence at intervals until daybreak, there were about fifty persons injured by pistol balls, razors or knives, rocks and clubs.

Of these one negro, Lloyd Lee, may not recover, and Policeman Kennedy is also seriously injured. Lee is alleged to have made threats against the life of Kennedy because he was the particular friend and associate of Thorp, the murdered officer. Thorp was the third white man murderously assaulted in the vicinity by negroes, a race prejudice having been engendered. In less than an hour from the time the trouble began last night the whole of the West Side from Twenty-eighth street to Longacre Square, above Fortieth street, was in an uproar. Forty or more arrests were made.

Peace was not restored until 3 o'clock this morning. After the riot it was estimated that 300 policemen were on duty and ambulances from every hospital on the West Side were kept busy. A police estimate of the results puts the number of wounded at fifty and the number of arrests at forty.

The most determined and desperate hand-to-hand fight which occurred during the riot was that between Detective John Kennedy and a negro named Lloyd Lee. Lee acted like a madman when Kennedy ordered him to move on. Refusing to do so he said to Kennedy: "I know you. You are Thorp's partner. I have been laying for you," and at the same time he slashed Kennedy in the shoulder, inflicting a deep wound. Kennedy pulled his revolver and fired four shots. One bullet went through Lee's jaw. Policemen came running from different sections and went in search of Lee. In the search another negro, David H. Carr, got a terrible beating, and when he was taken to Bellevue it was found that he had a fractured skull, a fractured arm and a battered face. Kennedy was taken to the New York hospital. Later he was taken to Bellevue, where he identified Lee as his assailant. When Lee saw Kennedy he shouted: "I am up and about and you are down. Damn you, I guess you're down for good. I hope so."

Captain Cooley and Kennedy say that Lee threatened "to do Kennedy" because the latter was Thorp's partner. White Kennedy and Lee were in the street struggle, word was sent to Captain Cooley that Kennedy had been killed. This intensified the excitement among the detectives, who rushed from the station and charged down the street. In doing so they encountered mobs of whites at various points. In making an indiscriminate charge upon mobs a negro was discovered. He started to run, and the mob and the reserves, close behind, gave chase. The negro ran into the Marlborough Hotel and escaped through the office into Broadway, and this added to the excitement. Groups had gathered at various points

along Broadway and were discussing the riot. When they saw the negro come out of the Marlborough the groups quickly assimilated with the mob and the chase was continued until it seemed as if the entire disorder and riot had been transferred to Broadway. Wherever a negro was seen he was on the run, whether he had been a participant in the riot or not. This was the case of one, who ran out of a side street near Forty-second, chased by a mob. The negro ran into Shanley's restaurant, one of the fashionable up-town cafes. The place was filled with people, many of whom were women. The face of the fugitive negro, covered with blood, created a panic among the women, who rushed outside only to find themselves in the midst of a mob howling for blood. Some of the patrons of the cafe who were dining upstairs were with difficulty restrained from jumping out of the windows.

The negro who had created this scene escaped in the excitement, but another negro named Walker, one of the theatrical men, was mounted on a Broadway car, dragged off and given a beating. His companion escaped, but not until after he had received a severe drubbing.

Acting Captain Burns of the West Thirtieth Street Station arrived with a squad and arrested four white men, the first whites of the riot to be arrested. This was after 1 o'clock.

At 2 o'clock the police had the riot in hand, although there was a feeling that the crowd was far from past and a heavy police guard was mounted. Wherever negroes collected they were swearing vengeance. Fortunately about 3 o'clock there was a heavy downpour of rain, and it is the opinion of the police that this did more to dissipate the mob and quiet the riot than a thousand men would have been able to do. At 4 o'clock, when it was thought all was over, Policemen Hughes and Jell were assaulted with a shower of bricks and bottles thrown by negroes on the roof of a house. The crowd rushed up the stairway, but by the time they reached the roof the assailants had disappeared. Two negroes were later pulled from under a bed. They resisted until clubbed over the head, and one had his nose broken. The men denied that they were on the roof.

Richard Harris was badly beaten up on account of a report that he was the man who had murdered Thorp. It was discovered later that this was a mistake. However, as he had a dangerous looking shorn knife in his sleeve, he was arrested.

The reserves of the station, who had been on duty nearly all night, were called in during the morning, and after 5 o'clock all was comparatively quiet. The last arrests made as reported by the police this morning were those of James E. and Ethel Harris. It was said that the man is the Harris, who killed Thorp. At the station he denied knowing anything about Thorp, and said that neither he nor his wife had taken part in the disturbance.

Chief Devery said today: "I will watch this thing closely this morning, and if any man in police uniform does anything more than enforce the law he will be dismissed instantly. This has been an unfortunate outbreak, but it won't happen again."

The police say that few, if any, previous race riots in this city have compared with that of last night, so far as the dogged determination of those who participated in it is concerned.

A dispatch from Washington today announced the arrest there of Arthur Harris, the alleged murderer of Policeman Thorp. David H. Carr, a negro charged with having had a hand in the stabbing of Policeman Kennedy, was held without bail to await the result of Kennedy's injuries. Lee, the other negro charged with stabbing Kennedy, has not been arraigned.

Notwithstanding the excitement of the riot, but two persons, so far as known, were seriously injured. These were Policeman Kennedy, stabbed in the left side, and Lee, the negro, with pistol shot wound in his breast and a scalp wound. It is thought that Lee is fatally injured. Policeman Kennedy is seriously so.

POPULATION OF NEW YORK.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Aug. 16.—The Census Office this morning announced the population of Greater New York (Manhattan and Bronx Boroughs) at 2,050,000. The population of the Borough of Manhattan is given at 1,850,093 and that of the Bronx, 200,507.

BUILDERS' STRIKE IN PROGRESS.

No More Work With 'Unfair' Material.

Difficult to Estimate the Number of Idle Men.

Not a man is at work in Oakland today on any building in the course of construction in which material from "unfair" planing mills is used. The tie up is absolute and complete.

Just how many men are idle is difficult to approximate. It is estimated that, in round numbers, 150 buildings are in process of erection in this city. Averaging ten men of all trades to each building gives a total of 1,500 men, and the officials of the local Building Trades Council say that is a conservative estimate.

Down on Washington street between Twelfth and Thirteenth streets, where the big brick and stone block of the de Fremery estate is being erected, the cheery whistle of the derrick man is silent, the forty or more trowels and hammers are still and the crowds that lined the opposite sidewalk to watch the big derrick swing the heavy stones in place have moved on; a Sabbath stillness prevails about the work.

The men were called upon to noon yesterday, but the Building Trades Council consented that the men should work until night in order that the lumber and other light material should be moved from the street and certain exposed portions of the work be protected from any possible damage by the elements.

It was reported last night that Contractors Wilkie & Faulkner would go into conference with the executive council of the Building Trades Council today, but the Council has no knowledge of such conference. It is understood that Mr. Faulkner is anxious to adjust matters and go ahead with the work, but his contracting partner, Andrew Wilkie, a mill owner, is averse to receding from the Millowners' Association.

The rumor that a general sympathetic strike is to be ordered by the Building Trades Council regardless of the mill work being "fair" or "unfair" is positively denied by J. T. Kern, president of the local Council, who says:

"There is no truth in the rumor whatever. Only those men at work on buildings where mill work from the nine-hour mills is used or will be called out. As rapidly as we ascertain where 'unfair' mill work is being used the men are called off the job. The mills in Oakland according to the eight-hour request and therefore considered fair are the Humboldt, the Zenith, C. M. Jenkins, McManus & Gartner and Veitch's mills. Those the Council considers 'unfair' are: Burnham & Standerford, Kendall's, Nelhaus, Towle & Broadwell, Bridgeman & McCully and Ingler & Atkinson. So far we are well satisfied with the situation. The mill owners are gradually acceding to the request of the operatives, and we trust the matter will soon be settled. The men are preserving excellent order and obeying to the letter the order of the Union and Council to remain away from the mills. Santa Clara informs us that its Council will be fully organized by Saturday night and ready to extend its aid in the settlement of the question."

Pickets are posted in the vicinity of each "unfair" mill, and when work is taken from the mill it is followed to its destination and a report made to the executive council of the Building Trades, which at once calls off the workmen. It is the same with material from San Francisco. The Council is notified of the crossing of "unfair" work and it is watched or returned to its starting point.

Chief of Police Hodgkins denies that a request has been made to him by the mill owners and contractors for protection for their property. He says: "Only through the reports of patrolmen and the press have I been notified that a strike is in progress. There is not the slightest indication of trouble, and I believe there will be none necessitating the services of the police."

There are a number of buildings in the city not yet ready for mill work, but several contractors are said to have notified the Building Trades that they will use no "unfair" work, but will shut down until the matter is adjusted. The Trades Council says that there are now enough fair mills in Oakland to supply all jobs with plenty of material for emergency work and that contractors

DEATH COMES TO SENATOR INGALLS.

Famous Orator Dies of Throat Affection Early This Morning.

ATCHISON, Kan., Aug. 16.—Ex-United States Senator John J. Ingalls died at East Las Vegas, N. M., at 2:15 o'clock this morning, surrounded by his wife and two sons, Ellsworth and Sheffield. The news came to the Ingalls home here in a telegram at 10 o'clock today. The funeral will be at Atchison.

Mr. Ingalls' illness dated from March, 1899, when, at Washington, his throat began troubling him. He occupied apartments at the hotel with his family and worked steadily, writing political articles for newspapers throughout the country. He was treated by several specialists, but received no relief, and on their advice returned with his family to Atchison. At home he grew no better, under the constant attention of a specialist. Ten months ago he again took the advice of physicians and sought another change in climate, traveling through New Mexico and Arizona. He was still able to write occasionally for the newspapers and to attend to his business affairs.

From time to time reports of his serious illness were circulated, but they were invariably denied, both by the Senator and his family. He did not consider his case hopeless by any means, and only two months ago planned to return to Atchison. His youngest son, Sheffield, met him at Las Vegas, but as the result of a consultation of physicians he remained in New Mexico. The son returned to Kansas, and Mrs. Ingalls went immediately to Las Vegas, and has since remained at her husband's side. On August 14th Mrs. Ingalls telegraphed for her sons, Ellsworth and Sheffield, that their father was sinking, and they took the next train for Las Vegas.

Senator Ingalls leaves a widow and six children, Ellsworth, Ethel, Ralph, Sheffield, Marion and Muriel. Ellsworth, the eldest, is a business man at Sioux Falls, S. D. Ethel is the wife of Dr. E. G. Blair of Kansas City. Ralph is a commissary in a Kansas regiment now serving in the Philippines. Constance, the fourth child, married Robert Porter Schick, a business man of Reading, Pa., in which city she died a year ago. Sheffield has for several years practiced law in Atchison, where the remainder of the family lives.

SKETCH OF INGALLS' LIFE.

John James Ingalls was born in Middleton, Essex county, Massachusetts, December 29, 1833.

He graduated at Williams College in 1855 and was admitted to the Massachusetts bar in 1857. In the following year he moved to and settled in Kansas.

In 1860 he was secretary of the Territorial Council. In 1861 he was secretary of the State Senate. In 1862 he became a member of the State Senate. In 1873 he was elected a member of the United States Senate as a Republican, and was re-elected in 1879 and 1885.

During his last term, which expired March 3, 1891, he was president pro tem of the Senate.

After that time he devoted himself to lecturing, writing and newspaper correspondence.

attendance. Prior to the calling to order of the convention district caucuses were held and electors chosen. State Chairman Huffman called the convention to order and introduced John J. Dennison of Clarion as temporary chairman. Mr. Dennison delivered an address in which he highly eulogized William J. Bryan.

BURGLAR SHOT BY BRAVE CLERK.

GAZELLE, Cal., Aug. 16.—Last night a robber attempted to burglarize the store at Denny Bar, but the clerk, George Houston, was awakened before the robber succeeded in carrying off anything. Houston pursued the robber, firing several shots, one of which struck the burglar in the head, causing him to surrender. The burglar will not talk. He has been taken to Yreka.

PLAGUE SHIP REACHES LONDON.

LONDON, Aug. 16.—The British steamer Clan MacArthur of the Clan Line, which sailed from Calcutta, July 24th, via Port Said, August 2d, for London, has been quarantined in the Thames owing to a death from bubonic plague having occurred on board the vessel.

HUNTINGTON TO BE BURIED TOMORROW.

Funeral Will Be Strictly Private.

H. E. Huntington in New York to Attend the Services.

Associated Press Dispatches by The Tribune's Special Leased Wire.

NEW YORK, Aug. 16.—H. E. Huntington, vice president of the Southern Pacific Railway, arrived at Jersey City at 12:45 today en route from San Antonio, Texas, to New York, to attend the funeral of his uncle, Collis P. Huntington.

The body of Collis P. Huntington rests in its casket in the library of the Huntington town house at 2 East Fifty-seventh street, where it was taken directly from the station. The funeral services, it has been announced, will be strictly private and will be held at 11 o'clock Friday morning.

Princess Hatzfeldt, the late Mr. Huntington's adopted daughter, who is now in London and who was to have sailed for home yesterday on the steamer Majestic, did not sail. She was notified by cable of the death of Mr. Huntington, and being unable to be present at the funeral will delay her home coming for a short time.

While no decision has been reached as to the choice of the officiating clergyman, Mr. Miles stated this evening that he would probably be of the Presbyterian faith or possibly a Congregationalist. Mr. Miles states that nearly two hundred telegrams of condolence had been received, but declined to make public the contents of any or to say from whom they were received. He stated that they came from all parts of the United States and Europe and some even from Asia and India.

It has been announced that the pallbearers chosen are D. O. Mills, Edward King of the Union Trust Company, F. P. Albert of the Central Trust Company, Edwin Hawley, traffic manager of the Southern Pacific, Charles H. Tweed, second vice president of the Southern Pacific, Martin Erdman and E. P. Schworff of the Pacific Mail Steamship Company and C. A. Low, an old friend of the deceased.

PRISONER JUMPS FROM CAR WINDOW.

SACRAMENTO, Aug. 15.—While being transported to Folsom Prison this morning, S. Harding, sentenced to fifteen years' imprisonment from San Francisco for burglary in the first degree, jumped from a car window between Alder Creek, this county, and Folsom, in an endeavor to escape from Sheriff Lockman of San Francisco. He had been permitted to go into the lavatory of the car. He was stunned as a result of the fall and was easily captured.

MOTHER YIELDED TO SON'S THREATS

Serious Charges Made By a Sister Against Her Brother.

Mrs. Annie Sylvia and Adolph Bauerle, brother and sister, are engaged in most bitter and determined legal warfare for the possession of the property left by their mother, who died last August. Charges and counter-charges of the most sensational nature have marked the course of the litigation through the Probate Court. There was nothing direct in the insinuations of fraud. There were broad assertions of a son's unnatural treatment of his mother and a sister deprived by a brother's falsehoods of the maternal affections, but not until today did these grave charges take definite shape. In a suit filed this morning by Mrs. Sylvia against her brother all the charges are specifically reiterated and emphasized. The suit is to set aside deeds given to Bauerle by his mother to ranch property in Brooklyn township estimated to be worth \$15,000. The documents were made and recorded in January, 1899, at a time when it is alleged the mother was kept from her children by the defendant who by the most cruel and unnatural threats forced the old lady to do as he directed. It is alleged in the complaint that the deeds were secured through the son's menace and threats; that he told his mother that unless she transferred to him all her real property he would publish to the world stories that would blast her good name and ruin her reputation. It is claimed further that the old lady was of unsound mind at this time and through fear that her son would carry his threats into effect executed the deed. The Gibson & Woolner are Mrs. Sylvia's attorneys.

The Divorce Mill.
Antonio Medeiros has sued Manuel Medeiros for a divorce. The parties to the action are residents of Pleasanton. The charge against Medeiros is that he is extremely cruel. Harris & Donahue are attorneys for the plaintiff. Francisco Sequerra of Hayward has filed suit against Antonio Medeiros for a divorce on the ground of cruelty. The plaintiff is represented by Laugan & Loomis. A commission has been issued to take the deposition of Dr. W. H. Jenney of Kansas City in the divorce suit of Charles P. Eggleston against Evelyn Eggleston.

Monkeyed With a Band Saw.
Edward Burdige, who took the place of one of the strikers at the Standard Packing Mill, attempted to do some work on a band saw this afternoon and succeeded in running the blade over his right hand. He cut a scroll on his thumb and otherwise mutilated his hand. Steward Borchert, of the Receiving Hospital, stitched the injured hand together.

Lost Part of a Finger.
Frank Gonsallus, a longshoreman, got his left hand caught between a wagon and had the end of his middle finger squeezed to a pulp. The end of the finger was hanging by a shred of flesh when the man appeared at the Receiving Hospital. Dr. Rowe stitched on the detached portion.

Dole Will Be Rejected.
The alleged will of the late Edmund Dole has been denied probate by Judge Greene on the ground that the instrument was not issued according to law. The widow, Mary A. Dole, has now petitioned to be appointed administratrix of the estate. She offered the rejected will for probate.

EVILS OF IMPERIALISM HIS THEME.

Speaker at Convention Arraigns McKinley's Policy.

Criticises the President's Action in Chinese Crisis.

Associated Press Dispatches by The Tribune's Special Leased Wire. INDIANAPOLIS, Aug. 16.—The second day's session of the National Anti-imperialist League was called to order by Governor Elihu B. Howard after a brief prayer by Rev. S. W. Sample, pastor of the People's Church of Indianapolis, and pending the report of the Committee on Resolutions Dr. Habercorn of Washington addressed the convention. Dr. Habercorn was received with much applause. He charged that the President had "done that which he had himself solemnly declared to be a great crime and now attempts to shift the responsibility upon Divine Providence." He said he appealed more especially to those who, like himself, had come from a country over which a monarch reigns. "It is not an act of imperialism," he continued, "that the President has entered upon this new adventure in China, without assembling Congress in extra session." The people who, like myself, have come from Germany know to their sorrow what militarism means. These are the last men who will vote to convert their country into an empire. "The President has said, 'Who will haul down the flag?' Now, I have always believed that the flag should be hauled down where it has no business. Is the emblem of liberty in Manila and Porto Rico? There it floats over subject people, not free people. "I have always been a Republican, but now I feel it my duty to fight the Republican party with all the ability I possess, because it has now become the party of imperialism." Mr. Habercorn concluded with a declaration for Bryan. Colonel Charles R. Codman of Massachusetts read the report of the Committee on Resolutions, which took the form of an address to the American people. Colonel Codman said that twenty-five members of the committee were unanimous in submitting a report to the convention. The resolutions advise the people to withhold their support from McKinley and to give direct support to Mr. Bryan. The most effective means of checking imperialism, at the mention of Bryan's name the delegates arose in a body and gave cheers for the Democratic candidate. Moorefield Storey of Massachusetts said he cordially joined in the statement of principles contained in the resolutions, but that he was not in favor of the resolution to support a third candidate if one were nominated who satisfied him better than Mr. Bryan. Thomas M. Osborne of New York, leader of the "Nationalists," was allowed to speak on the resolutions. Mr. Osborne said there were many who could support neither McKinley nor Bryan. He thought it right to remedy one wrong by substituting another. "We cannot trust the Democratic party as it stands today," (Cries of "Bosh.") "How much did Mark Hanna pay you to come here?" Mr. Osborne continued: "I believe a third ticket must arise to command the suffrage and conscience of the voters. When you tie up a question of conscience with something which a majority of your people do not believe in, you destroy the force of your argument." Mr. Osborne moved an amendment striking out that portion of the resolutions which advised support of Bryan. Colonel Codman spoke against Mr. Osborne's motion. He thought the ticket in which the country stands needs immediate attention. "As one member of this congress," he said, "I do not hesitate to support Mr. Bryan. I propose to vote with the party which is right on the one great question now before the country." John Jay Chapman, one of the "Independents," opposed the endorsement of Bryan. George G. Meyer of Philadelphia said a third ticket was needed by some men who magnified the danger of free silver. "But," he added, "let them come here and attempt to force a third ticket upon us. The so-called independents propose to take a whack at the universe, while we propose to devote our energies to the destruction of imperialism." Paul Kersch of Rock Island, Ill., Franklin Pierce of New York and Judge Decker of Colorado opposed the amendment, strongly advocating support of Bryan. Oswald Villard of New York spoke against the specific endorsement of Bryan. Edwin Osgood Brown of Chicago, a member of the Resolutions Committee, spoke vigorously in favor of the platform as reported. The convention then adjourned until 2 P. M., when the debate will be continued.

ing to fight again outside its walls. The situation at Shanghai absorbs British attention. The Times today, in its second edition, publishes a dispatch from Shanghai, dated Wednesday, August 5th, which says:

"Admiral Seymour, through the Consul-General, has instructions that the troops which it was intended to land here shall proceed north. This will be done August 16th (today) unless the order is countermanded in the interval by the Foreign Office. The final decision of the latter is awaited. The principal British banks and shipping firms have sent telegrams to Lord Salisbury that the government's decision to send the troops

north will have a disastrous effect and urge the government to reconsider the matter. The foreign Consuls are equally alive to the results of such action on the Chinese and are addressing an identical note to their governments with the object of inducing the British to land troops quickly.

"France has 1,100 troops on board the transport Cochar, which arrived at Hongkong yesterday, August 15th, conveyed by the French cruiser Friant. These troops, the French Consul at Shanghai informed the other Consuls there, would be landed at Shanghai if the British persisted in landing troops at that place."

A news agency dispatch from Shanghai, dated Tuesday, August 14th, represents the United States Consul-General, John Goodnow, as joining with the French and the German Consuls there in opposing the British plans.

The British Foreign Office officials decline to enter into the reasons for not landing troops at Shanghai, but the Foreign Office is credited with being unwilling to persist in any course not approved by the other powers. The Foreign Office is expected to make some objection later.

FRENCH WILL CO-OPERATE WITH VON WALTERSEE.
Associated Press Dispatches by The Tribune's Special Leased Wire. CHINESE MAKE NO STAND AGAINST ALLIED FORCES.
Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Aug. 16.—A news agency dispatch from the seat of war reads as follows: "At the front, August 11th, via Chefoo, August 14.—The Chinese retreat continues. They will not make a stand. We are on the verge of capturing the entire force. It is strange how easy it is to reach the capital before it is too late."

RUSSIANS REPAIRING RAILROAD.
Associated Press Dispatches by The Tribune's Special Leased Wire. BERLIN, Aug. 16.—An undated dispatch from Tien Tsin says that the Russian and the Russians are repairing the line in the direction of Peking. Field Marshal Count von Waldersee, commander-in-chief of the allied forces, sails for the Far East August 22.

MITCHELL IS IN THE FIGHT.

He Has Never Had Any Intention of Withdrawing.

Supervisor John Mitchell says he is in the fight to succeed himself for the Fifth District, and in it until the last vote is counted in the primaries.

BRIEF MESSAGE RECEIVED FROM OUR MINISTER.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Aug. 16.—The Department of State gives out the following: "The Department of State received yesterday afternoon a brief message from Consul General Goodnow, dated the same day, which on being deciphered was found to embody an undated message from Minister Conger transmitted from Tsi Nan on the 15th. From internal evidence it would appear to have been received at Tsi Nan on the 14th. It is very brief, adding little to what already is known, its most interesting statement being that with the exception of seven marines and the baby of Dr. Inglis all the Americans are alive, though quite a number are sick."

WILD STORY OF ATTACK ON PEKING.
Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Aug. 16.—A dispatch to the Journal and Advertiser from Chefoo quotes Edwin Wildman, the correspondent, as follows: "I have received from a thoroughly trustworthy Chinese source that the army of the allies reached Peking on Monday. I have every reason to believe that the army forced an entrance and that the envoys and their friends were rescued today. They probably are now safe within the Christian army."

M'KINLEY GOES TO WASHINGTON.
Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Aug. 16.—The President and Mrs. McKinley with Secretary Cortelyou and Dr. Rixey, arrived at the White House at 8:45 this morning. The trip from Canton was without special incident. A Cabinet meeting was called for 11 o'clock.

POINT RICHMOND.
Associated Press Dispatches by The Tribune's Special Leased Wire. POINT RICHMOND, Aug. 16.—Our postoffice is now open for business. It is called Richmond. Four mails a day give a good service. The office is located on the Point Richmond town site.

The Santa Fe is doing a large passenger and freight business. Material is on the ground and work has commenced on a big oil tank to hold 250,000 gallons. The burning of oil in the engines is a great success. It is more economical than coal and makes better steam.

Fishing on the wharf is becoming a great attraction. Fine fish are being caught in great numbers. Frank Gruchet is putting the finishing touches on his store building.

Mrs. T. J. Smith of San Francisco is putting up a building for a restaurant. The prospects of rapid growth here are excellent. The electric road franchise means a great deal for Point Richmond, and we expect a rapid increase in population in the next few years.

TWICE TRIED TO DIE AND LOST HER BATH.
Marguerite Smith, a disreputable habitue of the City Jail, wants to die by her hand, but thus far she has twice failed to accomplish her purpose. The failure of her second attempt at self-destruction, which was made in the jail this morning, is to be credited to Jailer Curtiss. Marguerite attempted to drown herself as a means of floating into eternity, but she has an aversion to it for any other purpose whatsoever. When in jail, a few days ago, she tried to drown herself by immersion in the bath tub of her cell, which she had filled with water. She was jerked from the tub, however, before she passed into the other world. After serving her term of imprisonment she was discharged. Today she was re-arrested on the charge of vagrancy. Shortly after she was taken to her cell the sound of falling water in the jail told Marguerite's cell admonished Jailer Curtiss that the frail creature was again essaying a trip into oblivion. Curtiss rushed to the cell, shut off the water and put the wretched woman in another cell devoid of the modern luxury of a bath tub. Thus Marguerite has, at one blow, so to speak, been denied an agency of death and the soothing luxury of a bath.

Better Investments Than Nome.
A great many of our citizens made investments in Cape Nome which turned out to be failures, but one of our residents invested only \$1 in the lottery of the Beneficencia Publica Company of the City of Mexico in the June 25th drawing, purchasing quarter ticket #151, which drew the capital prize of \$30,000, his share being \$7,500, which was promptly paid to him.

Another fortunate investor of San Francisco was B. J. McKee, a grisman on the Jackson street cable, residing at 2312 California street, who purchased quarter ticket #2,000 in the May 14th drawing, which also won the capital prize of \$30,000, his share being \$7,500, which was also promptly paid.

This is the reason of the great popularity of the lottery of the Beneficencia Publica Company, as many have won capital prizes on this coast. Another reason is that the public is aware that this is the only lottery guaranteed and protected by the Mexican National Government, which appoints Federal authorities to govern the drawings and payment of prizes, therefore fairness of its drawings and the prompt payment of prizes are vouchsafed for by the Department of State, and every body is assured of the honest dealings of the old reliable lottery of the Beneficencia Publica Company of the City of Mexico, of which U. Bassetti is president and manager.

MITCHELL IS IN THE FIGHT.

He Has Never Had Any Intention of Withdrawing.

Supervisor John Mitchell says he is in the fight to succeed himself for the Fifth District, and in it until the last vote is counted in the primaries.

"I am in this fight," Mr. Mitchell says, to win. Some of my enemies have circulated the story that I have withdrawn. This is being done solely to injure me. I have not withdrawn and will not withdraw."

THE WOMEN'S HOME MISSIONARY SOCIETY.
At the morning session of the Woman's Home Missionary Society now in convention at the First Methodist Church, after the devotional exercises led by Mrs. E. C. Gibson the secretaries of the following committees made report of the work of the past year: Supplies, Mrs. P. G. Buchanan, Literature, Mrs. W. O. Discho; mite boxes, C. W. Kinsey; Young People's work, Miss C. G. Davis.

After luncheon the following officers were elected after the opening exercises, which were in charge of Mrs. W. S. Umy, forty-three delegates voting: President, Mrs. F. D. Bovard of Alameda; vice-president, Mrs. Jennie C. Winston, Mrs. C. C. Lombard and the various presidents of the auxiliaries; treasurer, Mrs. Abbie A. Studley of San Francisco, and secretaries as follows: Corresponding, Miss Abbie M. Nickerson; recording, Mrs. C. E. Platt; supplies, Mrs. P. J. Buchanan; literature, Mrs. W. O. Discho; mite boxes, Mrs. Pendleton; Young People's work, Miss C. G. Davis.

Tuesday evening, September 11th, has been fixed as the date of the ball to be given as part of the semi-centennial Admission Day celebration in San Francisco. It has been decided to ask Judge R. C. Rust, grand president of the order, to lead the grand march, which is to be formed at 8.30. The ball will be held in the Mechanics Pavilion, and the decorations of the country parlors, which will make their headquarters there, will be utilized for the occasion.

The ball will be on a mammoth scale, invitations being sent to 12,500 persons. Each parlor of the order will be asked to appoint two members on the Reception Committee and two on the Floor Committee. Besides elaborate dance programs that will be prepared there will be issued 10,000 souvenir programs. All the details of the ball will soon be arranged at meetings of the Ball Committee.

The National Guardsmen of the State have evinced such an interest in the coming celebration, and especially in the parade, that the General Committee will endeavor to persuade the Governor to call an encampment in this city for the four days of the celebration. There is \$26,000 at present available for encampment purposes, and about \$7,000 would cover all the expenses of the 4,000 men it is desired to have in line. It is pointed out by the celebration people that if the fund of \$26,000 is not used by July 1, 1901, that it will lapse into the general fund.

The Committee on Hotels and Accommodations, having made definite rates with all the leading hotels in San Francisco, respectfully request those members and their guests who intend visiting San Francisco to make an early application for accommodations. The Committee trusts the members will avail themselves of the opportunity presented for securing good quarters.

Bohemians of America.

The Grand Hospitium of the Bohemians of America convened yesterday in Red Men's building. Grand Chief Host Elmer Phillips of Sacramento opened the session. All the grand officers were present and there were delegates from the hospitiiums of San Francisco, San Jose, Oakland, Vallejo and Sacramento.

The report of the Grand Chief Host showed a substantial growth of the organization, which was founded June 17, 1899.

It was decided to make an effort to organize a subordinate body in every city in the State having a population of 3,000.

At the afternoon session several amendments to the constitution were adopted. The principal ones make sick benefits compulsory instead of optional; the quorum in subordinate bodies is reduced from 11 to 7; the terms of officers of subordinate bodies are reduced from one year to six months.

The election resulted as follows: Grand Chief Host, H. B. Niehrman of Oakland; First Assistant, F. D. Brandon of San Francisco; Second Assistant, J. T. Brannan of Oakland; Third Assistant, W. E. von Johansen; Recording Host, W. F. Connolly; Host of the Exchequer, J. H. Cragan of Oakland; Grand Prior, E. Lastrato; Grand Marshal, J. F. Heaney of Oakland; Grand Host Inner Gate, C. W. Kohl; Grand Host Outer Gate, W. E. Gillen; Grand Host of the East, J. I. Manson; Grand Host Eloquent, T. J. Crowl; Grand Builder, Chas. Edelman; Grand Judging Hosts—D. Buhte, H. G. Kowalsky, I. of railroad rates for those desiring to

participate in the jubilee.
Past Master W. F. Cogan was appointed chairman of the committee to attend to the ushering at the exercises at the First Presbyterian Church.

The general committees will be recognized by the following badges: Floor committee, scarlet ribbon silver lettering; games and prize committee, gold ribbon, black lettering; gate committee, blue ribbon and silver lettering.
The committee on gate and game prizes was instructed to meet at A. O. U. W. Hall Friday evening. The general committee will meet Monday evening to make final arrangements.

Fiascico.

Brooklyn Lodge, No. 225, F. & A. M., at East Oakland, will confer the third degree Tuesday evening, August 21.

Rebekahs.

Brooklyn Rebekah Lodge, No. 12, had a very interesting meeting last Monday evening. Three candidates were initiated. The work was done in a very creditable manner. A large number of visitors were present. Refreshments were served and a pleasant evening was spent by all. Next Monday evening an entertainment will be given, to conclude with a farce entitled "Marmalade." The affair is in the hands of a very competent committee with Sister Cogan as chairman.

SUNSET LODGE.

Sunset Rebekah Lodge, No. 109, initiated one candidate last Friday evening, after which a recess was declared and refreshments were served. Quite a number of visitors were present, among whom were Sister Cogan, district deputy president. All seemed to enjoy themselves, and when the lodge resumed the evening session was appointed to give an entertainment and dance at Barlett Hall Friday evening, August 21.

OAKLAND LODGE.

Oakland Rebekah Lodge, No. 16, I. O. O. F., assembled at Gier's Hall last Saturday evening to hold its regular weekly session. Visiting Rebekahs were present from the various Rebekah lodges throughout the district. The initiatory degree was conferred in a very creditable manner.

After the business of the lodge was concluded Brother Gus Price, drillmaster, was presented with a beautiful camp jewel as a token of the members of the lodge.

The presentation speech was made by P. G. Sister Elmore, to which Brother Price responded. P. G. Price, an exalted member of the lodge, gave some stirring remarks on Odd Fellowship. The entertainment committee appointed for next Saturday evening of P. G. Sister Elmore, Sister Grace Mithal and P. G. Sister Shaw. These sisters will endeavor to entertain in a most acceptable manner. Among other things, the lodge will have a lodge paper, edited by Sister Shaw, full of lodge jokes and fun; duet singing, mandolin and guitar, by Brother Tarr and Sister Clark; duet on piano and violin, by Sisters McPhail and Holmes; solo by Sister Jones. Rebekahs are most cordially invited to meet and enjoy the members of No. 16, at Gier's Hall, Saturday evening.

Woman's Relief Corps.

Lyon Corps held its weekly meeting at Loring Hall last Tuesday afternoon.

Brother Price, drillmaster, presented a beautiful camp jewel as a token of the members of the lodge.

A full equivalent will be given for the amount expended, and a goodly sum will be realized toward the winter necessities. A trip to Stockton will be taken part in by a large number of the energetic workers in the latter part of September.

The grand lodge is also being visited by the "F. & L. Club." There will be one or two more socials, which will conclude the hard work, crowned with success, for this year.

Knights of Pythias.

The comradely and esthetic Castle Hall of Oakland Lodge, at its convention on Thursday evening, August 9, was taxed to its utmost capacity with its members.

The officers should be commended for the way they have conducted the initiation and page rank was the attraction. Neophytes W. C. Ingalls and H. N. Lonsdale were initiated.

Brother A. F. Trahan deserves special mention for his initiative interpretation of the prelate demonstrating his ability for the more exacting positions in the lodge to which he will succeed.

Tonight's program at this progressive lodge of the order, besides the usual routine of business, will comprise the conferring of two ranks, that of the page on three strangers and the esquire on two.

Professor N. Bonham, who wields the baton over the efficient orchestra of No. 103, promises a few surprises of a musical character. The usual courteous invitation of Oakland Lodge is extended to sojourning members as well as those of local lodges to aid by their presence in the commendable work of the upbuilding of this great American fraternity.

United Workmen.

Oak Leaf Lodge, No. 25, A. O. U. W., had a well attended meeting Monday evening. Deputy Grand Master Wells, who was present, stated that he felt very much encouraged at the prospect of the matter of gaining members for the lodge.

Past Master Workman Hall, on behalf of the lodge, presented Past Master Workman Health with a beautiful silver shield badge. Brother Health responded in a hearty manner in accepting the beautiful gift.

Master Workman Cogan stated that the committee on the twenty-fifth anniversary celebration and silver jubilee was doing admirably and that the affair of next Tuesday will be a gala event in A. O. U. W. circles, and also that the entertainment to be given in the evening in honor of the twenty-fifth anniversary of the institution of the Ancient Order of United Workmen in California would be one of the grandest literary and musical events ever held by the order.

Past Master Workman Hall, chairman of the committee on gate and games prizes, stated that several hundred prizes would be competed for by the members who were still continuing to contribute valuable presents.

St. Patrick's Alliance.

The last excursion and picnic of the season over the narrow gauge road to the Santa Cruz mountains will be given by Oakland Alliance, No. 5, Sunday, August 21, next Sunday, August 21. The arrangements made by the committee provide every comfort for those who attend, and the trip promises to be an unusually enjoyable one. For some time the society was undecided as to whether it would give a picnic this season, but the members and work attached to so large an undertaking, but it finally yielded to the salutation of those who annually avail themselves of this annual excursion to make matters easier for the society and if possible more pleasant for excursionists, the railway company has agreed to look after the comfort of excursionists on the trains and at the park. This means that the excursion will be managed to the satisfaction of the society and its friends.

Good Templars.

Several old Good Templars have recently joined the Good Templar Lodge in this city and seem very happy to be back among the brothers and sisters.

New members are constantly coming forward and enlisting under the temperance banner.

The District Lodge will meet with Oakland Lodge on the night of August 21, at P. G. Hall, and the Grand Lodge of the State will meet in Oakland October 9 and remain in session two or three days.

POWERS ARE AT
DAGGERS DRAWN.Russia's Seizure of New
Chwang Arouses
England.

Associated Press Dispatches by

The Tribune's Special Leased Wire.
NEW YORK, Aug. 16.—A dispatch to the Herald from Washington says:

Russia's occupation of New Chwang without adequate reason caused the deplorable loss of troops at Shanghai, in which Great Britain is supported by Japan.

Germany apparently is paying no heed to Russia's action in the north, but objects to Great Britain's policy at Shanghai and proposes to offset it by stationing a squadron there and landing troops to protect her interests.

This important information just received in an official quarter here, presents a comprehensive view of the attitude of four of the principle powers interested in the Chinese situation with respect to the treaty ports of the empire.

The determination of the American Government not to interfere with the action of Great Britain and Russia in landing troops at the ports named, the Powers are thus divided with respect to this portentous complication in the international situation.

Great Britain and Japan oppose the occupation of New Chwang by Russia, and the former has landed troops at Shanghai to counterbalance the Czar's move in the north.

Russia, Germany and France object to Great Britain's action at Shanghai, while the St. Petersburg government will not withdraw and thus remove all reason for the policy of the British government in the south.

The United States remains neutral. The occupation of New Chwang by Russia has aroused great excitement in Japan. It took place, according to information received here on August 4th, and through Russian officials in Peking referred to the subsequent evacuation of the treaty port, nothing confirming it has been received. There were a few boxes on the outside of the town, and their operations were unimportant and it was unnecessary for the Russians to occupy the port.

For the purpose of foreign interests, as their government alleges, instead of leaving the administration of the port in the hands of the Chinese officials, it is desired that the Russian commander, who acted in accordance with instructions from his superior government, look over the municipal government and the Russian officials in the town and installed Russian officials to collect the customs duties. Russia, in fact, extended her sovereignty over the port.

Many Russians in the town of New Chwang have been reported to have been seized by the Russian government. The Russian government has been reported to have been seized by the Russian government.

The Russian government has been reported to have been seized by the Russian government. The Russian government has been reported to have been seized by the Russian government.

TRAITOR DEFIES
THE GOVERNMENTNEW YORK, Aug. 16.—Dr. Montague E. Levenson is seated at his residence at Fort Hamilton by a representative of the Associated Press. He said that he was a regular correspondent of Philip Reade in this country and had written the letter to Senator G. A. Campbell, part of which was published yesterday.

Dr. Levenson added: "I am not afraid of the United States Government taking proceedings against me. In fact, I dare them. What I have written is the truth, and I cannot retract it."

LEVENSON A CRANK.

INDIANAPOLIS, Aug. 16.—Anti-imperialist leaders in attendance upon the liberty congress denied responsibility for the attack upon Levenson. Franklin Pierce of New York said:

"Dr. Levenson is a kindly, cranky sort of old gentleman, who is erratic in degree. He is not a member of the league. He came from the Pacific Slope with the late Henry George, and was an extreme advocate of Mr. George's single tax theories."

Erving Winslow of Boston said that Dr. Levenson had used the league much more by emotional and intimate utterances on the subject of anti-expansion.

IN THE FIELD OF SPORT.

With his usual reticence Prince Poniatowski declines to enter into details of what he has secured control of Tanforan and possibly Ingleside racing parks. He says: "I cannot talk at this time. Other people are interested with me, and it is too early to say whether we will or will not buy Tanforan or Ingleside or both. Whatever deal is on may fall through, for all I know."

It seems to be a certainty that Tanforan, which is in San Mateo county and is the track of the Western Turf Association, has been sold and that the Pacific Coast Jockey Club, which owns the Ingleside track in this county, is to sell out. The latter track represents an investment of \$500,000. Tanforan is valued at \$200,000. Ingleside has greatly depreciated in value owing to the San Francisco Board of Supervisors prohibiting races there. This fact led to the building of Tanforan, across the county line, a year ago, and during the last racing season it alternated with Oakland.

Henry J. Crocker is a large owner in both Ingleside and Tanforan. Ed Corrigan of Chicago, Barney Schreiber, Joe Ullman and one or two others own 2,200 out of the 5,000 shares of the company owning Ingleside. Henry J. Crocker and his friends own the remainder, which is the control. Crocker and Corrigan have an agreement not to sell without each other's consent or until after the expiration of so many days' notice. It is said that Corrigan and his friends want to sell at par, and that Poniatowski heads a syndicate which is willing to buy, but does not want to pay \$220,000. Adolph Spreckels, Chas. Fair and Henry J. Crocker are represented as being behind Poniatowski. Spreckels was one of the original owners of Ingleside, but fell out with Corrigan and disposed of his interest several years ago.

As the story goes, the syndicate has offered the Corrigan coterie \$150,000 for their interest in Ingleside and has practically taken Tanforan at \$200,000. Once the deal is closed the members of the syndicate will divide the stock of the two companies up to suit themselves and Poniatowski, Spreckels and Crocker will take the lead in managing the affairs of both tracks.

Dione, the little bay trotting mare owned by B. A. Spreckels, promises to be the speediest harness racer on the turf. Yesterday at the Woodland, Cal., training track she finished a half mile in 1:00 1-2, a new mark for this coast. She was driven by Chas. D. Jeffries. Dione is a bay mare by Eros, a son of Electioneer. She was campaigned in the East for two years under the management of that veteran driver, Tom Keating. The first season she won a great deal of money. Her success the first season forced her the last season among horses that outclassed her. While she did not win many races she established a record of 2:09 1-4.

At the close of the second season Mr. Spreckels put her in charge of his trainer and driver, Charles D. Jeffries. Her first race under Mr. Jeffries' management was at Santa Rosa, where she trotted against her own record. She made the mile in 2:07 1-4, the fastest ever trotted in California.

At the second day's racing of the Redcar summer meeting yesterday in England the Wilton plate was won by Salvi, ridden by "Skeets" Martin. At the second day's racing of the Kempton Park second summer meeting the Am-

erican jockeys, John and Lester Reiff, Rigby and E. Jones, took part, but with the exception of Jones, who won the Teddington welter handicap on Sylvestris, they were unsuccessful.

The second day's racing at Chicago yesterday brought out a larger attendance than the day before. The principal event of the day was the 2:30 pace, with seven starters. It was most exciting throughout and the plungers found much difficulty in making up their minds as to which way to place their money. Queen R. finally won, with Irvington Bay second. The fastest heat was paced in 2:15.

Wheeling.

The Olympic Club Wheelmen have accepted the challenge issued by the Reno Wheelmen for a fifty-mile relay race, to be ridden on the Reno track on September 17th. This event will take place on the opening day of the Nevada State Fair. At the meeting of the Olympics last evening it was ascertained that a team could be made up to ride on that date and word was wired to the Reno Club to that effect. The team will leave here on Sunday afternoon immediately upon the conclusion of the Baker and Hamilton twenty mile road race, September 16th. A selection will be made of ten men from this list of available riders:

L. H. Smith, Henderson, Kroetz, Peddler, Hanna, Davis, Bolger, Russ, Kragness, Emery, Ward, Anthony, Fuller and Ephraim. Entries for the ten-mile handicap road race, which will be held next Sunday, closed with the following: V. Gray, F. Soule, C. Remschell, J. Pamperin, E. J. Cimmions, M. Davis, F. Nagle, J. E. Bolger, W. Peddler, J. Ephraim, C. Long, F. Howe, H. McKinney, E. Adams, G. Kroetz, R. Henderson, E. F. Russ, C. Cohn, J. Meyerhoff and E. Ward. There will be both time and place prizes.

Ed B. Wastie of the Garden City Wheelmen has intentions on the five-mile straight-away record held by Bunt Smith, who is now in Oregon in the bicycle business. Bunt made the record in 9 minutes and 1 second, which was considered phenomenal time and has never been broken or even approximated since. He made the time over the Gilroy course with the wind at his back.

Wastie is of the opinion that he can lop a second off from that record and thereby win honor for himself and glory for his club. He will make an attempt to do so on the same course a week from Sunday.

Boxing.

There were nine lively bouts at the monthly exhibition of the San Francisco Athletic Club rooms last night and the 1,000 or more in attendance were satisfied with the sport. The star bouts were those between Joe Hill and Ed Hanlon at 105 pounds, and the two heavyweights, Tom Spears and Joe Long.

Hanlon was much the lighter of the two bantams, but he proved a vicious and plucky fighter, and it took Hill five rounds to get a decision over him. Even then the crowd was not pleased with the decision, though it was apparent that Hanlon had about all that he could stand.

Following are the results of the different events: A. Attell easily defeated Charles Weitzel in two rounds: George Watson went after Wm. Martin so fast that he gave up in the second; Jim Little knocked Jim Griffin out in the second after some fast boxing; Ed Long was given a decision over Jim Daly in the fourth, and M. Curtin was equally successful over W. Monahan.

Kid Jeffries got even with H. Silver for defeating him at the last exhibition. The second round offered the Kid an opportunity and he caught Silver a hard lick on the chin which brought him to the floor, his chin hitting first and he went out.

Tom Sears and Joe Long fought at 156 pounds and gave a good exhibition. The match was declared a draw in the fourth round.

Manager Gibbs of the San Francisco Athletic Club has assumed the management of the San Jose Club and is trying to match Al Neill against two San Jose middleweights, Neill to fight both the same evening ten rounds each. Mr. Gibbs has offered Jack Ortega, the "Pride of San Jose," \$250 if he will face O'Neill ten rounds. Gibbs says:

"I will give Ortega \$250 if Neill cannot stop him in ten rounds, or if the San Joseans want a better proposition he can fight twenty rounds for 50 per cent of the gate receipts, winner to take all. We will not make the proposition such that the loser's end will be worth going into the ring for. I will also agree to give Ortega a match in San Francisco provided he stays the ten rounds."

Big Ed Dunkhorst and Denver Ed Martin, the six-foot colored heavyweight slugger, are to come together in the roped arena. They have been matched to fight a twenty-round bout at the Metropolitan Athletic Club, Wheeling, W. Va., on August 20th for 50 per cent of the gross receipts.

Peter Maher has been signed by Matchmaker Gardner to fight the winner of the Dunkhorst-Madden bout at the same club during fair week, which is in the early part of September. This bout will also be a twenty-round affair and Maher is guaranteed \$1,000 for his trouble, whether he wins, loses or fights a draw.

Eddie Santry, the clever Chicago featherweight, and Jack McClelland of Pittsburg, who is to fight Kid Broad, have been matched to fight a twenty-round bout at the Metropolitan Athletic Club of Wheeling, W. Va., he latter part of this month. They will fight at 124 pounds for 50 per cent of the gross receipts.

NEW YORK, Aug. 15. — Joe Gans has posted \$2,000 forfeit in New York to bind a match with Terry McGovern. It is agreed that unless Gans knocks out McGovern in less than ten rounds he will forfeit the decision and the winner's share of the purse. Gans is to weigh not more than 133 pounds at 8 o'clock on the night of the fight.

There will be no fight between the winner of the Sliarkey-Fitzsimmons match and James J. Jeffries, as was originally intended. Jeffries has decided to declare this match off, as he does not think there would be any credit in defeating a man who had another hard battle in the same week.

Again, the winner might not be in condition to fight. This would give Jeffries all his hard work of training for nothing.

Jeffries was willing enough to fight some good man before September 1st, but, it is said, he realizes that should he defeat Fitzsimmons or Sharkey his victim would claim that he was out of condition.

Baseball.

Richard Belcher, manager of the Marysville team, is looking for a pitcher. "Colusa, Gridley, Oroville and Marysville have organized a strong league," he says, "and I feel the need of a pitcher to keep my team up in the race. I want to locate Thomas or Perrine, who have been recommended to me as good men. If they will send me their addresses to Marysville I will enter into negotiations. While I may sign only one, both men can join the League."

The first games of the Northern California League were played last Sunday and both were well contested. Colusa downed Oroville by a score of 3 to 2 and Marysville lost to Gridley by a tally of 9 to 4. Some well known players

G. MOSBACHER RETURNS FROM FOREIGN SHORES

How Americans Enjoy Themselves at the Exposition.

George Mosbacher, the well known cloak and suit dealer at Washington and Thirteenth street, with his wife and daughter, has returned from a four months' trip in Europe. They are in excellent health and speak with enthusiasm of everything they saw while abroad.

The place which interested Mr. Mosbacher most was Paris, where he happened to be on the Fourth of July. The celebration of the American national holiday in the French capital left an impression which will never leave his mind.

"The night," says Mr. Mosbacher, "was a beautiful one. There were thousands of people on the streets. There was something as much enthusiasm as we have here in America on the Fourth. Frenchmen seemed as jubilant as Americans were. In the great Place de l'Opera there was a throng of Americans numbering several thousand. Such cheering, singing and such a display of good nature I never saw or heard before. Sousa's Band gave a concert there and every number was greeted with cheers and applause. There was another reason for exultation, especially for a Californian, and that was the fact that Sousa's services had been secured by the California Commission to the World's Fair. So you see the United States as a whole, and California as a special manner, were honored."

Californians, too, had a chance to taste the finest kinds of wines from their own State, choice brands having been bountifully supplied by the Commission. "I want to say that Varney Gaskill and William Dargie Jr., or 'Willie Dargie,' as we know him, are the right men in the right place. There was nothing that they could do for us that they did not do. If we wanted to go to a certain place or to call upon a certain person they told us how to find both the person and the place. They introduced us to everybody. They seemed to know everybody and everybody seemed to know them. They asked us to call and call again and every call they made most agreeable to us. They did the same for every Californian who dropped in at headquarters."

"We visited Berlin, Vienna, Prague, Budapest, Munich, the Jung Frau, Rigi-Kulm, Lucerne and Oberammergau, and there witnessed the 'Passion Play.' The play is produced at intervals of ten years and then runs through a period of four months, a representation taking place every Sunday. On the day we were present there were 7,000 strangers in the place to witness the play. The town is one of 1,500 inhabitants. The people make their living by wood-carving. Each house, nearly, has some rooms for the accommodation of strangers. There are 4,000 beds in the town, so that 3,000 people were compelled to walk the streets that night because they could find sleeping accommodations nowhere."

Notwithstanding the great throng, there was no crowding at the play. The theater has a number of side doors, and through these a certain number of people gain admission to their seats. The number of each of these doors is printed on your ticket, as well as the number of the seat. As a consequence there is no rushing and crushing, and the greatest order and decorum are strictly maintained. The auditorium of the theater is covered, but the stage is open. In some of the scenes there were fully 500 people on the stage and the effect was realistic and impressive. One member of every household in the town takes part in the production. The proceeds are divided between the church and the actors. Ten per cent goes to the church, the rest is apportioned among the players, the rate for each depending upon the relative importance of the part he plays. Meyer, who was famed all over the world for his portrayal of Christ, is now too aged for the part. He is a fine old man. He now plays in the prologue. His successor as the delineator of Christ is Anton Lang, who is also a fine performer. The price of admission ranges from \$2.50 down to one dollar.

"At Frankfurt on the Main I had the pleasure of again meeting my mother, who is now 80 years of age. I had not seen her for thirty-two years."

have affiliated with the different clubs. Morrow is catching and acting as captain of the Marysvilles. Carter is also with Marysville. Hanson and Fitzgerald are with Colusa. Pace, brother of Rang Pace, is wearing an Oroville uniform. Waterbury is pitching for Colusa. The Gridley team is largely made up of home talent.

Carl Wood, the Kansas City boy lately signed by Helena as catcher, broke his leg last Sunday in the game with Anaconda. He was running back to catch a foul when he smashed into the backstop, breaking his left leg and putting him out of business for some time to come.

The St. Louis team is accused of rowdiness by the Eastern critics, and it is said their actions will result in bringing the game into disfavor with the St. Louis public.

The San Rafael defeated the Shasta Waters of San Francisco last Sunday in one of the most exciting and best played games ever witnessed on the San Rafael diamond by a score of 4 to 3, both teams making their runs in the sixth inning. The visitors were strengthened by four players from the Ash & O'Brien's of Oakland, among them being Fiege and Callahan, the Oakland battery.

The Crocker's ball team was defeated Sunday by the San Francisco Alerts. They gave the game up at the beginning of the sixth inning. They could not hit the Cucuini brothers, who pitched for the Alerts. The score was 28 to 12.

The Cleveland Baseball Club would

like to hear from some of the interior teams or from any of the crack local aggregations. Address all challenges to Captain Harry Boynton, 1726 Eddy street.

The challenge that the Golden Gate baseball team has issued to the Koenigs has been accepted and will be played at the Eighth and Harrison street grounds on next Sunday morning for the sum of \$100. A deposit of \$25 a side has been placed with A. B. Jones of 123 Kearney street, who is authority on baseball and will see that each side receives fair treatment.

Schmeer, the popular shortstop of the Butte baseball team, is down with typhoid fever. He has been far from well for some time, but pluckily stuck to the game and accompanied his team to Great Falls on the recent trip. There he collapsed and had to go to the hospital, where he is receiving the best of care.

Tennis.

E. D. Black, the expert English tennis player, yesterday beat Sumner Hardy in a hard five-set match. The Californian displayed the best form he has shown during his playing in the East. Black played a back court game, rarely coming to the net except to kill the ball. His best stroke is a hard back hand cross court shot, half cut, half drive, and he is very accurate with it. Hardy ran in to the net on everything, volleying hard and deep. A number of foot faults were called on him, and this disconcerted the Californian, making him serve more carefully with less speed. Black won the first set, Hardy getting two games. Black had many chances to play his back hand and took advantage of it. The second set Black took, allowing Black but three games. The Californian served and played as much as possible to the Englishman's forehand. Black won the third set by the same score, but Hardy again tied the score, making it two sets all by taking the fourth set, 6-3. The fifth and deciding set was won by the Englishman, 6-2, though Hardy was within a point of winning many of the games.

Tony Samuel Hardy plays Larned, he having won two matches already by default.

Lovers of tennis thronged the courts at Del Monte yesterday, witnessing some of the prettiest work ever seen there. The play practically decides the winner, George Whitney being in a class by himself. The results were as follows:

Bob Whitney beat H. W. Crowell, 6-2, 6-1.
George Whitney beat Dr. Root, 6-4, 6-2.
H. W. Crowell beat W. G. Godfrey, 6-2, 6-2.
George Whitney beat Bob Whitney, 6-2, 6-2, 7-5.
Bob Whitney beat Dr. Root, 6-4, 6-4.
Today W. G. Godfrey will meet the two Whitneys and Dr. Root. H. W. Crowell will meet George Whitney.

Golf.

Preliminary play in the fifth annual open golf tournament of the Onwentaia, Ill., Club began there yesterday in a dazzling rain. There were seventy-three entrants. The East was represented by W. M. McCaw, of the Merion Cricket Club, Philadelphia, present holder of the Ravinokos cup, and Charles H. Zimmerman of the New Haven Country Club. The first drive was made at 9 o'clock in the preliminary round of eighteen holes, medal play, for the Ravinokos cup. The eight highest scores will qualify the players for the cup at match play.

Fred Aldrich and W. H. Yule, the starters, were the first to complete the rounds, Aldrich making it in 103 and Yule in 105. The best scores were as follows: Nathaniel Moore, 88; W. C. Egan, 88; Elmer Williams, 93; H. C. Egan, 97; F. C. Farwell, 98; P. K. Tyng, 96; W. H. Pillsbury, 99; P. B. Hoyt, 89; R. D. Smith, 91; F. R. Pettit, 92, and C. M. Connell, 95.

JUDGE ANGELOTTI WILL TRY PHILBROOK'S SUIT.

Horace W. Philbrook's petition to be appointed guardian of James P. Merritt will be heard tomorrow morning in Judge Greene's department of the Superior Court by Judge Angelotti of Marin county. Judge Greene made the announcement late yesterday afternoon that he would not try the case, as Judge Hurler claimed disqualification and Judge Ellsworth and Ogden expressed their disinclination to sit in the case, he has prevailed upon Superior Judge Angelotti, but instructions to come here and hear the matter. Judge Angelotti's acceptance of the invitation was received late yesterday afternoon.

GREAT BRITAIN IS HESITATING.

Landing of Troops at Shanghai Not Yet Decided On.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Aug. 16.—The Times has the following dispatch from Shanghai, dated Tuesday: "The Viceroy has withdrawn his opposition to the landing of British troops on condition that this does not entail the presence of other troops, but instructions have been received from the British government that the disembarkation is to await further orders. The fact is generally known that Great Britain is hesitating. The public, official and unofficial, is unanimously of the opinion that withdrawal at this stage would be deplorable, and would produce the worst results."

FLOURISHING TOWN IN DAWSON CITY.

Oakland Man Tells Something About the Great Mining Camp.

One of the most interesting stories of Alaskan life, its conditions and resources of the country yet told is furnished by Frank N. Smith, who returned from Dawson on Monday.

Mr. Smith went into Dawson during the spring of '08, going over the Chilkooot pass about the time of the disastrous slides in April of that year. He has remained in and about Dawson continuously until leaving there on July 28th last, and has witnessed great changes in methods and cost of living and in the development of what has become a cosmopolitan city of about 5,000 people. His trip out was by way of White Horse and Skagway, the steamer Zealandia of the California Development Company making the record time from Dawson to White Horse of 3 days 17 hours.

Mr. Smith has conducted the Regina Club Hotel at Dawson, which is owned by the North American Trading and Transportation Company of Chicago. During the past winter Mrs. Smith and their little girl were with him, and on the days when the thermometer was 64 degrees below zero Mrs. Smith pulled their daughter about on a sled and without discomfort to either.

As compared with Cape Nome at present, Dawson has already passed through the unsettled and unsatisfactory period that is occasioned by too large a floating population and has now settled down to its steady growth. The output for this year is estimated at between twenty and twenty-five million dollars from the Dawson district. The trip by way of Skagway and White Horse can now be made without discomfort and indeed with comparative luxury. What has hindered development in Dawson has been due to the fact of the first reports which reached the Dominion government at Ottawa. These reports led the government to fear an influx of a vast horde of unprincipled tough citizens and the attendant lawlessness, as well as an overflow of foreign miners, and to properly handle the first and protect their own citizens against the other it was believed to be mounted police and judicial and other officials. The necessary expenses were met by the charges that have proven so burdensome to the miner, especially to the American miner. These taxes and the ten per cent royalty that the Dominion government exacted upon the gross output has made the cost of simply getting the sand on top of the ground from 40 to 60 per cent of its value.

That this royalty tax will be rescinded by the Dominion Parliament this winter at its session at Ottawa there is no doubt in Mr. Smith's mind. It can be seen from the present conditions, when the American miner can now go upon United States territory, take up a twenty-acre placer and have all he makes without a tax on even the wood he burns, which he is now compelled to pay when operating on British soil. When their mistake is realized and it is learned that they have new conditions to deal with by the Dominion authorities and that matters are adjusted with satisfaction to the miners, the development of the district about Dawson will be steady and of a satisfactory kind.

Most of the American prospectors who have left Dawson have gone to Nome or to Jack Wade Creek. At the latter place the gold found is almost entirely of the "pumpkin seed" order and very rich—running from \$17 to \$18 per ounce; it is taken for currency at \$17 per ounce, while the Dawson gold is taken at \$16 for commercial purposes and \$17 for currency. Gold Run Creek, Dominion Creek and a large portion of the Helmen district has an output also of higher grade gold than the El Dorado and Bonanza districts at Dawson.

Dawson has two fire engines and two chemical engines and a water supply that remained open all last winter. This year it is expected that water of low temperature will be forced through city pipes all winter, the pipes being cased in wooden boxes and these in turn surrounded by packed sawdust. Electric currents will be sent through coils of force sufficient to keep the ice thawed, and even warm water is anticipated.

On the other hand, it may surprise some people to learn that a case of coal oil left outside the hotel last winter over night froze solid.

Mr. Smith reports the arrival in Dawson of John Doherty of Livermore, who is in charge of the Alex McDonald interests there, and the successor there of Judge Owen. Mr. Doherty, a resident of Golden Gate, he will return after he has visited old friends a few weeks and after he has voted again for McKinley.

OWN THE BEACH. No Chance Now for a Poor Man at Cape Nome.

Associated Press Dispatches by The Tribune's Special Leased Wire. SEATTLE, Wash., Aug. 15.—Cape Nome's gold beach is no longer a poor man's heritage. A decision just rendered by United States Commissioner Stevens holds that the sixty foot roadway along the shore of Bering Sea does not exist, and that if it ever did exist it was done away with by section 28 of the new Alaska code adopted by Congress last June.

A test case was made by Frank Siegel, who refused to move his rocker or quit work when ordered to vacate a location made on the beach by George W. Beardslee and S. E. Calden and known as the Ophir beach claim. A criminal complaint was made against Siegel and the decision quoted is the result. Siegel has been bound over for appearance at the next term of court.

The effect of the decision is to give to several large corporations lands which have been worked by poor miners who were enabled to take a few dollars a day from the sands. Feeling among the miners is running high over the loss of the beach, and every legal effort it is said, will be made to reverse the decision.

Richard Belcher, manager of the Marysville team, is looking for a pitcher. "Colusa, Gridley, Oroville and Marysville have organized a strong league," he says, "and I feel the need of a pitcher to keep my team up in the race. I want to locate Thomas or Perrine, who have been recommended to me as good men. If they will send me their addresses to Marysville I will enter into negotiations. While I may sign only one, both men can join the League."
